FOIA 2016-0311-F requested unclassified electronic records from the United States Trade Representative (USTR) on the topics of Panama trade policy, economic policy, and diplomatic relations.

This FOIA primarily contains emails and documents sent by outside trade interest groups, blank survey instruments, routine correspondence about reports by USTR to Congress, statistics and published data related to trade, press releases, box inventories of retired USTR records, news

articles, correspondence related to travel vouchers for trips to Panama, and published documents related to World Trade Organization activities.

System of Arrangement
The materials in FOIA 2016-0311-F are a systematic body of documents responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

Documents responsive to this FOIA were found in these collection areas – George W. Bush Presidential Electronic Records.

The Executive Office of the President (EOP) instance of the Electronic Records Archive (ERA) contains electronic records created or received by President George W. Bush. These records are stored in Search and Access Sets (SAS) that represent their originating computer program, such as Exchange Email or the Worker and Visitor Entry System (WAVES). In addition to records captured from the White House's electronic systems, EOP-ERA also contains records from the home and shared drives used by White House staff.
