The White House  
1600 Pennsylvania Ave.,  
Washington, D.C 20500

Dear President Bush:

The 485 members of the Concordia Section of The National Council of Jewish Women support international family planning and we oppose harmful restrictions like the global gag rule and the cutting of funds for abortions. International family planning saves the lives of women and children and protects the global environment.

We ask you to keep your promise to unite America by backing bipartisan support for international planning programs that bring together healthy families.

The National Council of Jewish Women (NCJW) Inc., is a volunteer organization, inspired by Jewish values, that works through a program of research, education, advocacy and community service to improve the quality of life for women, children and families and strives to ensure individual rights and freedoms for all.

Yours truly,
