Scope and Content

The materials in FOIA 2017-0403-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2017-0403-F requested materials from the White House Office of Records Management related to Brenda Fitzgerald.

This FOIA primarily contains schedules briefing President George W. Bush on events, printed webpages of a speech delivered by President George W. Bush, congratulatory correspondence to the public from President George W. Bush, printed email correspondence between the Presidential Correspondence staff, and routine thank you letters to a Gold Star Family.

System of Arrangement

The materials in FOIA 2017-0403-F are a systematic body of documents responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

Documents responsive to this FOIA were found in these collection areas – White House Office of Records Management (WHORM) Subject Files and Staff Member Office Files.

WHORM Subject Files are processed at the document level.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at www.georgewbushlibrary.smu.edu.

Staff Member Office Files are maintained at the folder level by staff members within their individual offices and document all levels of administration activity.

Staff Member Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.
