FOIA 2018-0263-F[1] requested emails on which Brett Kavanaugh, Jason Lundell, and Manuel Miranda were all included, either as senders or recipients, during December 2003. These records were processed in response to the *Blumenthal v. NARA* FOIA litigation.

This FOIA consists of four emails that contain a December 3, 2003 news article by Jeff Gannon of Talon News. There are two unique emails from different senders, with a duplicate of each email included.

System of Arrangement

The materials in FOIA 2018-0263-F[1] are a systematic body of documents responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

Documents responsive to this FOIA were found in these collection areas – George W. Bush Presidential Electronic Records.

The Executive Office of the President (EOP) instance of the Electronic Records Archive (ERA) contains electronic records created or received by President George W. Bush. These records are stored in Search and Access Sets (SAS) that represent their originating computer program, such as Exchange Email or the Worker and Visitor Entry System (WAVES). In addition to records captured from the White House's electronic systems, EOP-ERA also contains records from the home and shared drives used by White House staff.
