Correspondence to the President on Vacancies on the Federal District Courts, Federal Courts of Appeal, and the United States Supreme Court

Extent

792 folders, approximately 50,830 pages

Access

Collection is open to all researchers. Access to George W. Bush Presidential Records is governed by the Presidential Records Act (PRA) (44 USC 2201) and the Freedom of Information Act (FOIA) (5 USC 552, as amended) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of George W. Bush's presidency are housed at the George W. Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processing by

Staff Archivists, 2016. Previously restricted materials are added as they are released. Last Modified: 01/22/2016

Scope and Content

The materials in FOIA 2014-0108-F[1] are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2014-0108-F[1] contains materials related to correspondence sent to President George W. Bush on vacancies within the Federal District Courts, Federal Courts of Appeal, and the United States Supreme Court.

The first segment of this FOIA primarily contains memoranda; letters to the President from nominees, supporters, and Members of Congress; and background material that accompanies the correspondence such as resumes, candidate writing samples, news articles, data on judicial

nominations from past administrations, public relations materials disseminated by the White House (i.e. talking points and letters of support), and case law on people being suggested or nominated for judicial posts.

System of Arrangement

The materials in FOIA 2014-0108-F[1] are a systematic body of documents responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

Documents responsive to this FOIA were found in this collection area – Staff Member Office Files.

Staff Member Office Files are maintained at the folder level by staff members within their individual offices and document all levels of administration activity.

Staff Member Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The following is a list of documents and folders processed in response to FOIA 2014-0108-F[1]:
