Scope and Content

The materials in FOIA 2014-0219-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2014-0219-F contains materials sent to, sent by, or received by President George W. Bush regarding Jamie Dimon between July 2004 and January 2009 and Vikram Pandit between December 2007 and January 2009.

This FOIA primarily contains two copies of an information memorandum from Keith Hennessey to President George W. Bush regarding the Fed/JP Morgan transaction in March 2008.

System of Arrangement

The materials in FOIA 2014-0219-F are a systematic body of documents responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

Documents responsive to this FOIA were found in these collection areas – White House Office of Records Management (WHORM) Subject Files and Staff Member Office Files.

Staff Member Office Files are maintained at the folder level by staff members within their individual offices and document all levels of administration activity.

Staff Member Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

WHORM Subject Files are processed at the document level.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at www.georgewbushlibrary.smu.edu
