#### **Scope and Content**

The materials in FOIA 2014-0353-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2014-0353-F requested materials created by or sent to Office of Management and Budget Deputy Director Stephen McMillin regarding securities regulation, the Securities and Exchange Commission, and market regulation.

This FOIA primarily contains emails regarding draft bills for troubled asset relief, nightly legislative reports and summaries, published government reports, speeches from the Federal Reserve Chairman Ben Bernanke, newsletters regarding market regulation, and news articles

about the activities of the Department of the Treasury, OMB, and SEC, as well as administrative emails setting up meetings.

**System of Arrangement**

The materials in FOIA 2014-0353-F are a systematic body of documents responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

Documents responsive to this FOIA were found in these collection areas – George W. Bush Presidential Electronic Records.

The Executive Office of the President (EOP) instance of the Electronic Records Archive (ERA) contains electronic records created or received by President George W. Bush. These records are stored in Search and Access Sets (SAS) that represent their originating computer program, such as Exchange Email or the Worker and Visitor Entry System (WAVES). In addition to records captured from the White House’s electronic systems, EOP-ERA also contains records from the home and shared drives used by White House staff.

The following is a manifest of electronic records processed in response to FOIA 2014-0353-F:
