Scope and Content

The materials in FOIA 2014-0234-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2014-0234-F contains materials sent to, sent by, or received by President George W. Bush relating to Scooter Libby, Valerie Plame Wilson, Joseph Wilson, Matthew Cooper, Judith Miller, and commutation between January 2001 and December 2007.

This FOIA primarily contains administrative correspondence between Congress the general public, White House officials and the Special Counsel. Also included are printed routine routing emails, certification forms, statements and drafts thereof, news clippings, transcripts of press

briefings and media appearances, court filings, press releases, reports on email search efforts and results of those searches, and handwritten notes.

It should be noted that many of the documents listed here may have been closed to National Security classification and/or exemptions of the Freedom of Information Act.

System of Arrangement

The materials in FOIA 2014-0234-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

Documents responsive to this FOIA were found in these collection areas – White House Office of Records Management (WHORM) Subject Files and Staff Member Office Files.

Staff Member Office Files are maintained at the folder level by staff members within their individual offices and document all levels of administration activity.

Staff Member Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

WHORM Subject Files are processed at the document level.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at www.georgewbushlibrary.smu.edu
