Scope and Content

The materials in FOIA 2014-0299-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2014-0299-F requested materials related to correspondence between former President Jimmy Carter or Rosalynn Carter and George W. Bush, as well as speeches or press releases regarding the Carters.

This FOIA primarily contains correspondence, tracking sheets, shipping receipts, press releases, reports, cover sheets, routing memoranda, Presidential remarks, trip reports and schedules from the Presidential Daily Diary. Correspondence includes letters from former Presidents Jimmy

Carter and Gerald Ford regarding the National Commission on Federal Election Reform, as well as letters from Congress to President George W. Bush urging support for democratically elected governments in Latin America. Also included are routine birthday and anniversary greetings. Reports include the Carter Center's report on the Council of Presidents and Prime Ministers of the Americas' recommendations on strengthening democracy as well as numerous trip reports documenting former President Jimmy Carter's foreign trips. Speeches mentioning President Carter include remarks made regarding election reform, remarks made at a Habitat for Humanity event, the retirement of Air Force One Tail Number 27000, the Miller Center Rededication, and the 2002 Nobel Laureates Photo-Op in the Oval Office.

System of Arrangement

The materials in FOIA 2014-0299-F are a systematic body of documents responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

Documents responsive to this FOIA were found in these collection areas – White House Office of Records Management (WHORM) Subject Files and Staff Member Office Files.

Staff Member Office Files are maintained at the folder level by staff members within their individual offices and document all levels of administration activity.

Staff Member Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

WHORM Subject Files are processed at the document level.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at www.georgewbushlibrary.smu.edu.

The following is a list of documents and folders processed in response to FOIA 2014-0299-F:
