Scope and Content

The materials in FOIA 2014-0401-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2014-0401-F contains materials related to correspondence between President George W. Bush and His Royal Highness the Prince of Wales.

This FOIA primarily contains NSC profile sheets, routine emails, correspondence, printed material, press releases, guest lists, and birthday and anniversary greetings. Also present are copies of photographs taken on the November 2, 2005, visit of the Prince of Wales and Duchess of Cornwall, a letter to the Prince of Wales from James Connaughton, Chairman of the Council on Environmental Quality, a thank you letter from the Prince of Wales, along with sympathy

messages about Hurricane Katrina damage. Correspondence includes mail from the public, agency heads, and members of Congress concerning a variety of topics; from the direction of policy in Iraq to the Brothers to the Rescue tragedy. In addition, there are guest lists from conferences, receptions, and White House dinners.

It should be noted that many of the documents listed here may have been closed due to National Security classification and/or exemptions of the Freedom of Information Act.

System of Arrangement

The materials in FOIA 2014-0401-F are a systematic body of documents responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

Documents responsive to this FOIA were found in these collection areas – White House Office of Records Management (WHORM) Subject Files and Staff Member Office files (SMOF).

Staff Member Office Files are maintained at the folder level by staff members within their individual offices and document all levels of administration activity.

Staff Member Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

WHORM Subject Files are processed at the document level.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at www.georgewbushlibrary.smu.edu
