Scope and Content

The materials in FOIA 2014-0411-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2014-0411-F contains materials related to Pakistan's role in the War on Terror between January 2005 and December 2006 from the National Security Council.

This FOIA primarily contains routine printed emails and planning documents for a Principals Committee meeting regarding President George W. Bush's trip to India and Pakistan in 2006. These materials consist of lists of attendees, parking approvals, an NSC/RMO profile sheet, routing sheets for the meeting agenda, and a routine memorandum for J.D. Crouch II asking for approval to transmit the agenda to meeting participants.

It should be noted that many of the documents listed here may have been closed due to National Security classification and/or exemptions of the Freedom of Information Act.

System of Arrangement

The materials in FOIA 2014-0411-F are a systematic body of documents responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

Documents responsive to this FOIA were found in these collection areas – Staff Member Office Files.

Staff Member Office Files are maintained at the folder level by staff members within their individual offices and document all levels of administration activity.

Staff Member Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.
