The materials in FOIA 2015-0273-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2015-0273-F requested materials related to National Security Council Principals Committee Meetings on Iraq, 02/01/2006 to 05/01/2008.

This FOIA primarily contains NSC profile sheets, routing memos, routine printed emails, cover sheets, lists, and forms. The majority of this request consists of material relating to planning National Security Council Principals Committee meetings, such as routine correspondence, lists of participants, and documents related to participant access to the meeting.

It should be noted that many of the documents in this FOIA have been closed due to National Security classification and/or exemptions of the Freedom of Information Act.

**System of Arrangement**

The materials in FOIA 2015-0273-F are a systematic body of documents responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

Documents responsive to this FOIA were found in these collection areas – Staff Member and Office Files.

Staff Member and Office Files are maintained at the folder level by staff members within their individual offices and document all levels of administration activity.

Staff Member and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.
