1,752 folders, approximately 49,125 pages

Access

Collection is open to all researchers. Access to George W. Bush Presidential Records is governed by the Presidential Records Act (PRA) (44 USC 2201) and the Freedom of Information Act (FOIA) (5 USC 552, as amended) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of George W. Bush's presidency are housed at the George W. Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processing by

Staff Archivists, 2019. Previously restricted materials are added as they are released. Last Modified: 12/09/2019

Scope and Content

The materials in FOIA 2014-0214-F[1] are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2014-0214-F[1] requested materials sent to, sent by, or received by President George W. Bush related to Afghanistan.

The first segment of this FOIA primarily contains routing memos, cover sheets, charts, maps, correspondence (including letters and printed emails), memoranda, directives, distribution receipts, executive orders, schedules, lists, government reports, NSC Profile Sheets, NSC Summary Action Data Reports, news and journal articles, press briefings and press releases, public laws, public statements, congressional testimony and transcripts related to Afghanistan.

There is correspondence from NGOs such as Amnesty International and Oxfam; printouts from the CIA World Factbook and whitehouse.gov; reports to Congress regarding troop levels in Afghanistan including the Report to Congress Consistent with the War Powers Resolution Concerning Deployment of Combat Equipped U.S. Forces; U.S. Central Command Strategic Command Guidance from January 2005; unclassified Foreign Broadcasting Information Service reports regarding Afghanistan; schedules and attendee lists from the official visits of Afghan President Hamid Karzai; speeches and speech drafts for President George W. Bush; public statements on issues related to Afghanistan including joint statements with President Karzai on the U.S. – Afghanistan Strategic Partnership in 2005; reports on USAID support in Afghanistan and rebuilding Afghanistan; routine maps of the Afghan region; routine memos and reports on Afghan humanitarian assistance including charts showing U.S. food contributions in Afghanistan; a United Nations General Assembly report of the Committee on Human Rights in Afghanistan; Congressional testimony on the human rights crisis in Afghanistan; schedules and agendas for the Afghan Reconstruction Conference held in Tokyo in November 2001; Presidential Determinations ordering military drawdowns in Afghanistan; participant lists, seating charts, cover and routing memos for NSC meetings on Afghanistan, the Middle East, and terrorism; and letters from the Congressional Committee on Oversight and Government Reform to White House staff requesting records and testimony on the death of Corporal Patrick Tillman as well as public statements and a published report on the death.

It should be noted that many of the documents in this FOIA have been closed due to National Security classification and/or exemptions of the Freedom of Information Act.

System of Arrangement

The materials in FOIA 2014-0214-F[1] are a systematic body of documents responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

Documents responsive to this FOIA were found in these collection areas - Staff Member Office Files.

Staff Member Office Files are maintained at the folder level by staff members within their individual offices and document all levels of administration activity.

Staff Member Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The following is a list of documents and folders processed in response to FOIA 2014-0214-F[1]:
